A Product of Law Bulletin Media[®]

2024 MEDIA KIT

Since 1854, the Chicago Daily Law Bulletin has been delivering the must-have legal news to practicing lawyers across Chicagoland. Our daily newspaper provides award-winning stories and must-read breaking news from Illinois county and federal courts. Simply put, the Chicago Daily Law Bulletin is a must-read for every lawyer navigating a case to trial.

The Chicago legal community relies on the Chicago Daily Law Bulletin and www.ChicagoLawBulletin.com to provide news, events, public notices, court assignments and court opinions every business day. The legal field is constantly changing and the Chicago Daily Law Bulletin is the exclusive trusted source for law firms and litigation support providers in Chicago.

Whether you prefer to consume your news in a print or in a digital format, our editors format the news to meet our sophisticated readers' needs. Hot off the press, newspapers are hand-delivered to law firms in the Chicago Loop, and the daily headlines are e-mailed every afternoon to our digital audience. We also now have a digital flipbook or e-zine you can read on a tablet or mobile device.

Our advertising sales staff is well equipped to customize and market your product or services to our loyal, professional and purchasing power audience.

AD SUBMISSION GUIDELINES

In order to efficiently process digital ads, one high-resolution, composite file is the goal. This file can either be a print-optimized PDF (PDF/X1a) or a TIF for placement in a page layout program. The following guidelines and specifications are to assist you in the process.

Electronic File Submission Requirements

Email files to Adam Hrejsa at

ahrejsa@lawbulletinmedia.com.

Preferred file types:

- PDFs exported from graphics software
- TIFs (must be flattened and saved from Photoshop)

Other file types

- EPS* (fonts must be outlined)
- Photoshop (must be flattened)

*Do not embed EPS files within another EPS file. Nesting EPS files can cause output errors.

We do not accept Microsoft Publisher, Microsoft PowerPoint or CorelDraw files.

Images

All screened graphics should have effective resolution of 300 DPI. All bitmap graphics (line art) should have an effective resolution of 600 DPI.

Note: When you enlarge a graphic, you are changing the effective resolution. For example, a 300 DPI graphic placed at 200% will have an effective resolution of 150 DPI.

All duotones should be created in a photo manipulation program, such as Photoshop. Graphics colorized in a page layout program may not print as expected.

Trapping

You are responsible for Overprint and Knockout settings.

Ad construction

The document size of the ad should be the same as the desired final size of the ad.

On full page ads, all vital copy (text or images) should be no closer than .25" to the trim. Any ad that is designed to bleed should extend at least .125" (1/8") past the trim. All trim and registration marks should be offset by 9 points or .125".

Make sure all colors in the color palette are correctly defined as Process (CMYK). All RGB, LAB and Index colors must be converted to CMYK or they will not print correctly.

Do not use rules less than .25 point. This may not appear.
